6. I have analyzed the facts of the case, relevant provisions of the Ordinance, and submissions made by the respondents. Before deciding upon on matter, manner not only provide to its users a reliable source of information regarding a company's financial position and performance but these also show the results of management's stewardship of resources entrusted to it. In order to ensure transparency, all the companies must meticulously follow the legal requirement for preparing and circulation of interim accounts. In addition to their responsibility of overseeing and managing affairs of the Company, directors also have fiduciary duties towards the Company and its shareholders. I would like to highlight that the requirement to circulate interim accounts was introduced so that the shareholders could have timely access to information about the affairs of companies. Keeping in view the fact that timing of interim financial statements is of essence the disclosure and audit requirements of these accounts have been kept to a bare minimum. Interim financial statements prepared properly and in a timely Company and its shareholders. They are, therefore, liable to a higher level of accountability, which requires them to be vigilant and perform their duties with care and prudence. It is directors' responsibility to oversee the functioning of the company, to keep it appropriately staffed and organized to ensure due compliance of law.

7. It is clear from the record that the aforesaid Quarterly Accounts were filed with a delay. Furthermore, the previous track shows that the Company was penalized for not submitting its quarterly accounts during the period 2014-15. Subsequently, however, the company has made visible efforts to provide quarterly accounts in a timely manner. Keeping in view the assurance for strict abidance instead of imposing fine, I hereby conclude the proceedings with a strict warning and direct the respondents to be careful in future and ensure meticulous compliance with applicable laws and directions of the Commission.
