

List of Companies suspected to be engaged in Unauthorized Activities

(This list is being updated from time to time) -last updated on March 03, 2025

Some registered companies are suspected to be engaged in unauthorized business activities including leasing/financing/loan facility (which are licensed activities), MLM, pyramid/Ponzi schemes, seeking deposits from the general public in the name of jobs, investment and trading etc. General Public is being warned that these schemes /activities /businesses are prohibited and restricted under the law. Please note that mere registration of a company with SECP does not authorize it to seek deposits from the general public. The general public is hereby cautioned in their own interest to be vigilant with their investments and dealing with these companies and not to be misled by such lucrative schemes.

Following list includes names of such companies/entities that have come to SECP's notice:

Illegal Stock/Shares Trading Platform being promoted through social media: Numerous illegal platforms across social media such as Facebook, Instagram, and WhatsApp are promoting fraudulent investment schemes, misleadingly presented as investment advice or training courses. The advertisements entice the general public with false promises of extraordinary profits at minimal risks and insider tips, bonuses, easy loans for investments purposes on payment of membership fees or investing through the advertised platforms. Moreover, names/logos/images of reputable professionals/companies, SECP, and PSX are being used to deceive potential investors.
